Subject: Monday's Special Session

Delegates:

The Speaker has requested that I send this email regarding the expected agenda for Monday's session. We intend to only deal with vetoed bills that the Governor places on an amended call and several supplemental bills to be introduced on behalf of the Governor. We do not intend to deal with education issues on Monday.

It appears that the following vetoed bills will be placed on the call and introduced by the Governor:

1. SB 440: a bill relating to antihazing law
2. SB 633: a bill allowing the West Virginia Board of Physical Therapy to conduct criminal background checks and for disqualification for certain crimes
3. HB 2079: a bill relating to vertical integration for medical cannabis companies
4. HB 2363: a bill concerning the Upper Kanawha Valley Resiliency and Revitalization Program
5. HB 2412: a bill creating criminal acts and penalties concerning government procurement of commodities and services
6. HB 2530: a bill creating a voluntary certification process for drug and alcohol-free recovery residences
7. HB 2531: a bill allowing additional health care professionals to provide counseling in medication-assisted treatment
8. HB 2764: a bill establishing a student loan repayment program for mental health providers in West Virginia
9. HB 2703: a bill increasing allowable refund of up to 1 % for tax collected for fuels lost to evaporation
10. HB 2807: a bill modifying the West Virginia adjusted gross income of shareholders of S corporations engaged in banking
11. HB 2828: a bill relating to Qualified Opportunity Zones
12. HB 2933: a bill modifying criminal penalties imposed on parent/guardian for child abuse resulting in injury or risk of injury
13. HB 2503: a bill relating to appointment of counsel and petitions to the court in child abuse and neglect cases
14. HB 2503: (Bill as passed split into two separate bills) a bill relating to persons 18 years or older in the custody of the Bureau of Juvenile Services, directing notice to various courts in criminal actions involving such persons, and ensuring that sight and sound requirements are met
15. HB 2734: a bill relating to reduced rates for low-income residential customers of privately owned sewer and combined water and sewer utilities
16. HB 2486: a bill precluding certain prior criminal history as the basis for the denial of a professional license without a rational nexus
17. HB 487: a bill creating a conclusive presumption that appropriate staffing was provided in any legal action involving inappropriate staffing (if agreement is reached)

Once I have received a list of the supplementals that the Governor intends to add to the call, I will send that out as well.

It will be the intention to waive the Constitutional Rule requiring that the bills be read of 3 separate days be dispensed with. If there are substantial concerns to any bills and the Rule is not waived, we will simply either read the bill a first time or assign it to committee for action at a later date as appropriate.

We look forward to seeing you on Monday.

Dan Greear
Counsel to the Speaker
WV House of Delegates
